

Seattle Children's Informational Picket Pledge

I WILL BE THERE!

- Our patients deserve safe staffing levels to ensure good outcomes.
- Seattle Children's must pay wages that will support retention of skilled nurses at our hospital and encourage new nurses to work here.
- Nurses should be able to afford to live near the hospital and in the communities we serve.

We are disappointed in management's refusal to fully address our concerns at the bargaining table. We need management to do more to attract and retain the nurses our community relies on for safe care.

It is time to let our community know that we are fighting for them. I'm ready for an informational picket **on August 9 - count me in!**
